Count by Level

Notes:
 Census for 2018-2019 changed to players who had played at least one match.
 Rosters 20 Some Clubs included entire membership, not just league players
 Sometimes players were rostered to meet team minimums but never played a match
 Yellow highlighting shows some obvious differences
 2015-2016 Trial Year for Tencap and the first payment was based on the inflated rosters
 Once Fees were started rosters became more realistic really fast
 The first move downs occurred in March of 2017
 Rosters from 2014 and earlier Henri compiled
 Roster information from 2016-2017 and 2015-2016 were compiled from the EVSTL Online Rosters
 Roster count 2017-2018 and 2018-2019 is from the Tencap system
